

Item # MA26800-93M	3000-4000K (Warm)
Item # MA26800-13M	5000-6000K (Cool)

## Product Information

The Diogen Bulb is a state-of-the-art breakthrough and is the next evolutionary step in the lighting industry. The unique retrofit design of the Diogen Bulb universally replaces standard incandescent and compact fluorescent (CFL) bulbs and is both UL and CUL certified.

The light output and color rendering of this new bulb is **the equivalent** of current 60-Watt incandescent bulbs available in the market but uses only 12 Watts.

Diogen Lighting offers LED technology in several designs with a series of specifications for many types of applications. The Diogen Bulb Series is exclusive and can only be purchased through authorized distribution.

## Product Features

Dimensions	Dia. 6.75 x 11.34 cm H
LED Source	158 PCS
Input Voltage	120V/60HZ
LED Power Consumption	12W
Initial Luminous Flux	560Lm
Color Temperature (Custom Available)	Warm White 3000-4000K Cool White 5000-6000K
Color Rendering Index	62
Dim ability	"Dimmer Safe"
Efficacy	48.8 Lm/W
Ambient Temperature	-20° to 40° C
Viewing Angle	Omni-directional

- Lifetime 40 times greater than incandescent
- No glass or filaments to break
- Dimmer Safe
- UL Listed

## Warranty

Rated Life	50,000 Hours
Coverage	2 years

\*All Specifications subject to change without notice
