

26W Belleair Desk Lamp

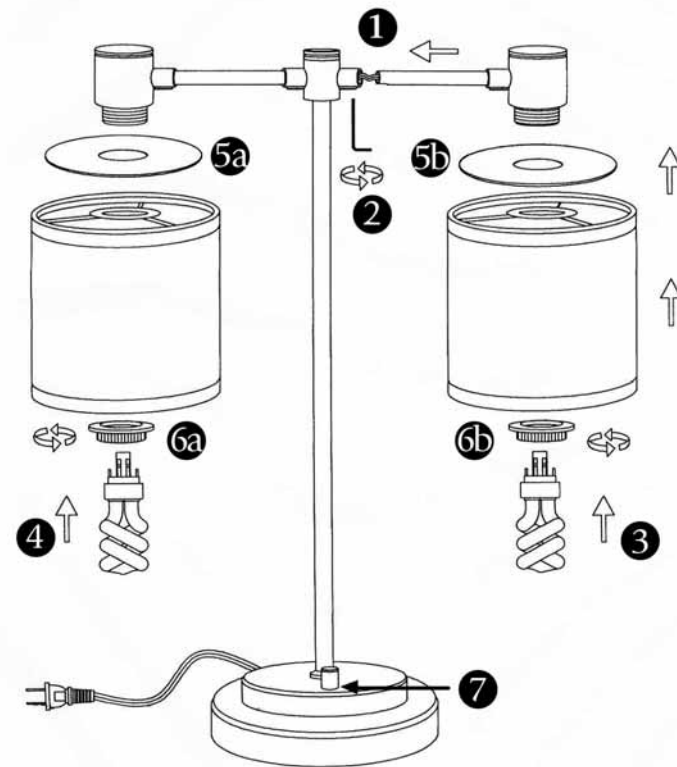

N26BN4

N26R7J

BULB INSERTION / REPLACEMENT

- 1 Make sure that the lamp is not plugged into an electrical socket.
- 2 If the lamp has been in use, allow it to cool for approximately five minutes before proceeding.
- 3 To remove a bulb already installed in the lamp, grasp it firmly in your hand and pull it straight out of the socket. **Do not twist or turn the bulb while removing it from the socket.**
- 4 To install a bulb (3 & 4) in the socket, grasp the bulb firmly in your hand. Push the bulb straight into the socket (in alignment with the notches), by applying pressure to the base of the tube, until it “snaps” into place. Do not apply pressure to the glass end of the bulb.
- 5 Plug the lamp into a standard 120V socket, and your lamp is ready for use.

LAMP ASSEMBLY

- 1 Carefully unwrap the packing material from the lamp and shades.
- 2 Do not plug lamp into electrical outlet until all assembly is complete.
- 3 Insert the lamp's horizontal arm (1) into the lamp stem with the socket facing the table top. Tighten screws (2) using the enclosed allen wrench.
- 4 Unscrew the plastic shade holders (6a & 6b) from the two lamp sockets.
- 5 Place the reflector (5a) over the socket, followed by the shade and screw the plastic shade/reflector holder (6a) back onto the socket.
- 6 Place the reflector (5b) over the socket, followed by the shade and screw the plastic shade/reflector holder (6b) back onto the socket.
- 7 Insert the 13W swirl bulb (3 & 4) straight into the socket until a “click” sound is heard. To remove bulb, pull it straight out of the socket. **Do not twist the bulb.**
- 8 Plug the lamp into a 120V power source and turn the power switch (7). The switch is a four position switch: off, one light, the second light, and both lights.

Please note that in operation, OTT-LITE® bulbs are not dimmable.
Enjoy your OTT-LITE® Desk Lamp!

- If the supply cord is damaged, it must be replaced by the manufacturer or its service agent or a similar qualified person in order to avoid a hazard.
- For indoor use only.

This lighting system is designed for use with OTT-LITE 13W fluorescent bulbs only. Use of other products voids the warranty and may result in damage to the lighting system.
